The stylish comfort of the Stiles home plan makes it an attractive option for today’s active family. With 4 bedrooms and 2½ baths, its open floor plan in classic American design provides a two-story foyer with a vaulted ceiling, display shelves and arched entryways. A formal dining room is graced with an arch detailed accent wall, while the first floor study features a bay window. A second floor laundry saves time and the spacious master bedroom offers a sitting area for cozy chats. Rounding out the amenities are a professionally designed eat-in kitchen with pantry and built-in bench with a coat rack at the entry to the two-car garage.
