

STRATHMORE. HHC-013

Traditional

SPECIFICATIONS

SQ. FT.	2897
BEDROOMS:	4
BATHROOMS:	4.0
LEVELS:	2.0

OPTIONAL FEATURES

- ☒ Green Certification
- ☒ Energy Star

A three-car garage and an enlarged kitchen/family room combination accent the first floor of this Colonial design. Also on the lower level are a lengthened living room and a large study. An alternate plan calls for decorative columns to separate the living room from the foyer. Four upstairs bedrooms with ample closets and two full baths complete the nearly 2,900 square feet of living space.

* Artist's rendering may contain optional items.
