| BEDROOMS: | 2 |
| BATHROOMS: | 1.5 |
| LEVELS: | 1.0 |

OPTIONAL FEATURES

- Green Certification
- Energy Star

Tiny Houses are all the rage now. This home is not a true tiny home as it is 896 square feet but by all means is an extra small home. When you walk into this floor plan, you do not feel like it is small. With the great room and kitchen being open to one another it gives you a much bigger feel. The utility room also has a powder room.
