The Havenwood is a charming and spacious home design. This two-story home features 2,493 square feet of living space and boasts five bedrooms and two and a half bathrooms. The exterior of the home has a coastal vibe, with a front porch and large windows adding to its curb appeal.

Inside, the first floor is comprised of a large open living area, including a dining area, a kitchen and large family room. The kitchen features a large center island, perfect for entertaining guests or preparing meals for a large family. A first-floor spacious master bedroom and ensuite provide additional convenience and flexibility. An optional back porch is available off of the family room. A convenient laundry room round out the first floor.

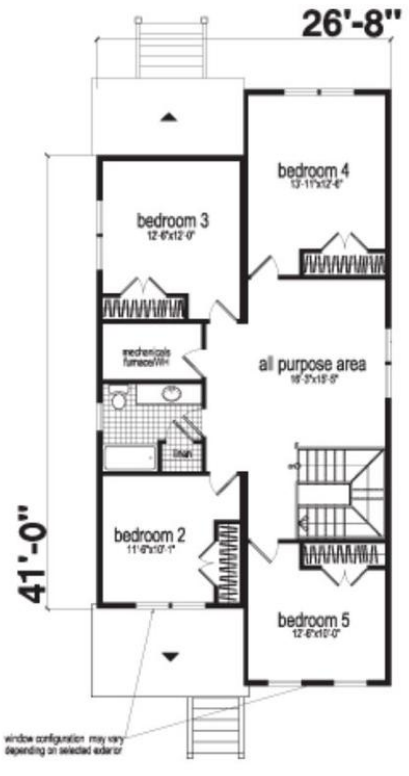

On the second level you will find bedrooms 2-5, a full bathroom and an all purpose area that would be a great game or media area.

The Havenwood is a perfect blend of style and functionality, with a thoughtful layout that maximizes living space and provides ample room for families of all sizes. Its construction means it can be customized to fit a variety of needs and preferences, making it an excellent option for those looking to build their dream home.
