The Chesney DCH is a home plan that offers a total living space of 1,203 square feet. This home features three bedrooms, two bathrooms, and an open-concept living area that includes the dining room.

As you enter The Chesney DCH, you step into a spacious living room with large windows, allowing plenty of natural light to flood the space. The dining area and kitchen are adjacent to the living room, creating a seamless flow between the spaces.

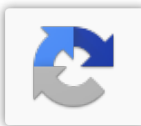

The kitchen includes modern appliances, a large curved island, and ample counter space, making it the perfect place for preparing and enjoying meals with family and friends.

The master bedroom features a walk-in closet and an ensuite bathroom with a bathtub and shower. The other bedrooms share a hall bathroom.

There is a covered porch offering plenty of space for outdoor entertainment.

This house plan is designed to be energy-efficient, with features such as high-efficiency HVAC systems and Energy Star appliances. It is also customizable, allowing homeowners to make changes and additions to fit their unique needs and preferences.
