ALDEN . ACR-032

Traditional

SPECIFICATIONS

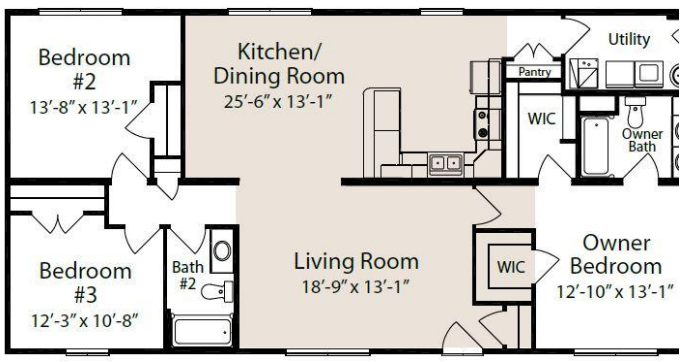

SQ. FT.	1547
BEDROOMS:	3
BATHROOMS:	2.0
LEVELS:	1.0

OPTIONAL FEATURES

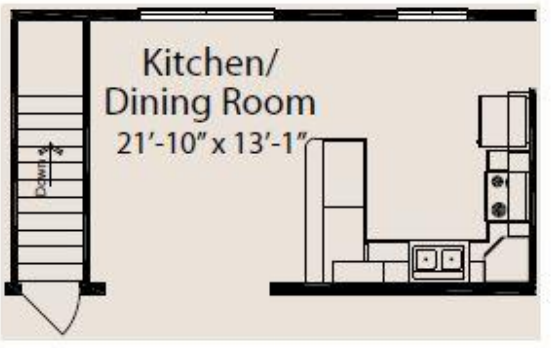

☑ Green Certification ☑ Energy Star

Alden IN uses a split-bedroom arrangement to place the owner suite apart from the two secondary bedrooms. Between them, the living room connects directly with a combined kitchen and dining room, creating a shared center for daily activity. A kitchen peninsula defines the preparation area, with a pantry and utility room nearby. Two walk-in closets and a private bathroom serve the owner bedroom; a separate hall bathroom serves the other bedrooms. The accompanying options show how basement stairs or a larger kitchen and living area change the layout. Compare those drawings with the base plan before choosing a configuration, since their room dimensions and circulation differ.
