BUNKHOUSE – CAPE . ITA-036

SPECIFICATIONS

SQ. FT.	941
BEDROOMS:	2
BATHROOMS:	1.0
LEVELS:	1.5

OPTIONAL FEATURES

☑ Green Certification ☑ Energy Star

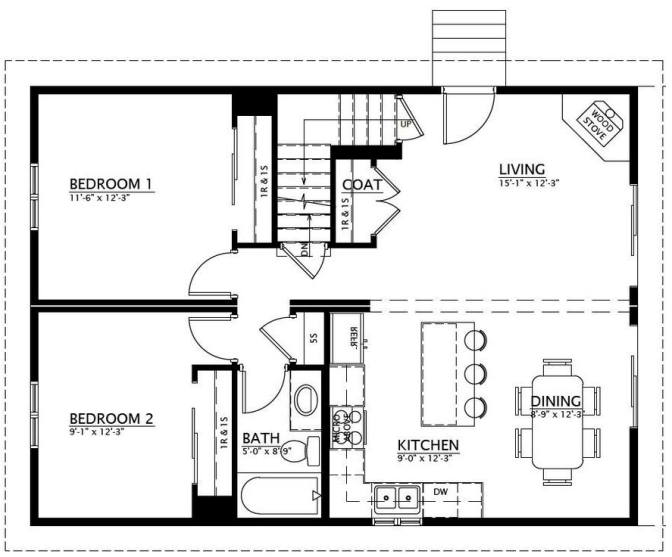

The Bunkhouse Cape is a charming and rustic home plan designed for those who love the great outdoors. This home has a classic Cape Cod style with a gabled roof and a deck. Inside, the home features a spacious living area that includes a large open-concept kitchen, dining area, and living room. The kitchen is fully equipped with modern appliances, a center island and there is plenty of counter space for meal preparation. The living area has a wood stove and large windows that let in plenty of natural light.

The Bunkhouse Cape has two bedrooms and 1 shared bathroom.

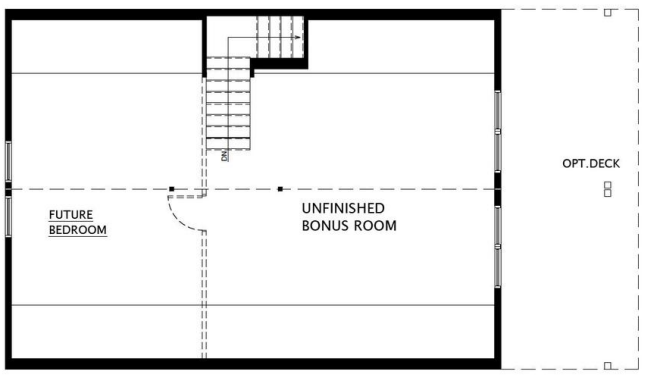

The proposed second floor can be that extra bedroom, bonus room, play area. The ideas are endless.

With its rustic charm and modern amenities, the Bunkhouse Cape is an ideal home for those who love outdoor living and want a comfortable and functional space to call their own.
