OPTIONAL FEATURES

☑ Green Certification ☑ Energy Star

A low-profile contemporary exterior with broad rooflines, warm wood accents, and an attached two-car garage gives this home a clean, grounded presence. Inside, the layout is organized around a central kitchen and family room, creating an easy place for gathering and everyday living. Four bedrooms are distributed throughout the plan, including a private primary suite with its own bath and closet. Two additional full baths serve the secondary bedrooms and guests. A dedicated office and separate play room add flexibility for work, study, or recreation, while the laundry and pantry support daily routines. Outdoor living is thoughtfully integrated through a courtyard, patio, and deck, giving the home multiple places to relax, entertain, and connect with the surroundings.
