A broad wraparound porch and simple gabled roof give this single-story home a relaxed, welcoming character with strong indoor-outdoor appeal. Inside, the layout centers on a spacious living and dining room that connects naturally to the kitchen, creating an easy setting for everyday life and larger gatherings. The owner's suite is privately positioned with a walk-in closet and dedicated bath, while two additional bedrooms share a second full bath on the opposite side of the home. Two separate studies provide flexible space for working, reading, hobbies, or quiet retreat. A powder room near the foyer adds convenience for guests, and the utility area is positioned beside the kitchen for practical daily function.
