OPTIONAL FEATURES

- ☒ Green Certification
- ☒ Energy Star
- ☒ Garage
- Included

It’s hard to resist the immense variety of options available with the Providence plan. This home is perfectly designed for those looking for a place to display their tastes and style. With its corner fireplace, the great room is simply magnificent. A phenomenal kitchen countertop curves gracefully nearby, making serving and cleanup a breeze. The kitchen itself is spacious, with lots of shelving and counter space. The three bedrooms, including the capital master, are all advantageously located on one side of the house for maximum privacy. The master bedroom affords a first-class walk-in closet and luscious master bath. The other two bedrooms are comfortable and another full bath is readily accessible. The Providence also provides a full garage, lots of extra closet space, a front foyer, laundry room and powder room. Optional layouts are available for a bonus room/loft, the master bath and an office.
