The Aspen home is truly a second home or vacation destination. This floor plan provides expansive common space on both the first and second floors. The Great room is highlighted by a casement window wall with a vaulted dormer above. This provides tremendous natural light and views from both the great room and the second floor recreation Area. Other compliments of this home include 4 full baths and a private balcony area for the second floor suite. The exterior features include optional elongated windows, window grills, and log cabin siding. The Deck, metal roof and stone work are on site by others.
