OPTIONAL FEATURES

☑ Green Certification ☑ Energy Star

Akron II combines three bedrooms and one bathroom within a 1,054-square-foot, single-story plan. Its open living and dining areas lead to a kitchen with a raised snack bar, creating a convenient spot for casual meals or conversation. A sliding door at the rear of the dining room provides outdoor access. The kitchen places its sink along the side wall beneath a window. All three bedrooms are grouped on the opposite side of the home, each with its own closet. A hall linen closet and an entry closet add storage. The shared bathroom includes a tub, vanity and toilet, with access from the bedroom hall.
