The Deerview model stands out due to the large front windows, giving the main living space a very spacious feel and the ability to get a glimpse of the front lawn. This is a one-story home with an open floor plan. The master bath, walk-in closet, and ensuite are located on one end for privacy and the remaining bedrooms on the other. Adding more space and character to this home is a porch that bumps out in front, beautiful and inviting. Depending on your fixtures and finishes, this home can be a lovely rustic cabin or a present-day, classy home.
